Dive into History

To buy a monument together, is creating the opportunity for thousands of citizens to make their dream come true by becoming co-owner of a castle. A dream that could be possible thanks to the crowdfunding, everyone can become owner of a castle and contribute to the revival of a heritage left abandoned.

People across the world are invited to take part into this crowdfunding of the Montaiguillon's fortress and so to create, all together, the future of this medieval fortress.
